Information Paper

Subject: Army Medical Materiel Information (MMI) Messages

1. **Purpose:** To provide background and current information on the Army's Medical Materiel Information (MMI) Messages.
2. **Facts:**
 - a. The use of MMI messages is Army's way of communicating to its customers information and alerts that are specific to Army only. Examples include the Annual Influenza Vaccine Program, various Army policy guidelines, etc. Information that is applicable to all services are communicated via DOD-MMQC messages.
 - b. Army MMI messages are available via the following mediums: (1) the World Wide Web, and (2) Electronic mail. Web access is available on USAMMA's Home Page at <http://www.usamma.army.mil>, select "DOD MMQC Messages" on the sidebar, then select "Army MMI Messages". Additionally, MMI messages are file transferred (FTP'd) to TAMMIS, JMAR, and DMLSS.
 - c. USAMMA POC is the Distribution Operations Center (DOC), MCMR-MMR-OC, at 301-619-4300/7235, DSN 343-4300/7235.
